PREFACE

IT is a pleasure to offer to the Latter-day Saints Deseret Anthems, Vol. III, containing favorite anthems by L. D. S. Composers, which have not been obtainable for a number of years. Their great value to the choirs of the Church, and the general demand for them by the choristers prompted their re-issuance in the present volume. All have stood the test of long use, and have done noble service in the musical part of the service.

It is hoped that they may bring to the Latter-day Saints now and in the future the same inspiration and comfort as their use did originally.

These anthems will meet many of the needs in our services for selections glorifying our beliefs and history, and the choristers of the Church are urged to renew the use of the contents of this volume.

'Tis the voice of the Lord! 'Tis the sound of the sword! Hear ye
